RACER DRIVERS PACKET

RACE TEAM / PRIVATE MEDICAL HELICOPTER:

Race teams that want to have additional Rescue person (s) flying for their team, must notify the SBIP main office at 305-296-6166 thirty (30) days prior to the event. SBIP will assign the Rescue Diver from our rescue staff to fly in the helicopter for the event. The Race Team is responsible for payment of the helicopter (minimum jet ranger), lodging, travel, and cost of the Rescue Diver. The helicopter would be under the direction of SBIP's Medical Director for the event. Cost of the Rescue Diver would be paid in advance by the race team to SBIP. SBIP will no longer accept or approve a team to deploy a rescue diver that has not been assigned by the SBIP Rescue Staff to be qualified to go into the team's helicopter as a rescue diver, with dive gear. Any aircraft flying for a team at an event must have authorization from SBIP to fly. If a team has aircraft flying an event that does not have authorization from SBIP, the team will receive a fine of \$2,500.00 (two thousand, five hundred dollars), a DISQUALIFICATION, and will not be permitted to have an aircraft fly again for that team.

OFFICIAL WATERCRAFT:

If a race team wants to have an Official Watercraft for the race, it has to sign up with SBIP and follow the Official Guidelines for that duty. Any Official Watercraft that is signed up for the race is under the direction of the SBIP Race Control. The Official Watercraft must remain at their station until the end of the race and is dismissed by Race Control. Official Watercraft that sign up as a patrol boat is not a tow boat for the team, if the team wants them to be as a tow boat they would have to be in the spectator area of the race course and the Official Tow Boat company for the race would have to tow the race vessel to that area. If the race team's vessel should need assistance, they have to call into the SBIP Race Control to report the assistance needed.
